3.	SHRAMDAAN AT OUTSIDE WORKPLACE	05-09
4.	MOSQUITO BREEDING CHECK	10-13
5.	DRAINAGE, STAGNANT WATER AND VECTOR CHECK	14-17

BACKGROUND

As we enter the 16th day of the initiative inspired by the Hon'ble Prime Minister Shri Narendra Modi's vision of #ViksitBharat2047 and the Swachh Bharat Mission, the Hon'ble Chief Minister of Delhi, Smt. Rekha Gupta, launched a month-long cleanliness drive from August 1st to August 31st 2025. This drive aims to achieve "दिल्लीकोकूड़ेसेआज़ादी" with a renewed spirit and enthusiasm. 🌱

In response to directives from the Department of Health and Family Welfare, GNCT of Delhi, a month-long Swachhata Drive has been organized in Delhi from August 1st to August 31st. The focus will be on cleanliness, including community clean-up activities and efforts to reduce plastic usage. Key highlights include enhanced activities as listed below:

Let's unite for a cleaner, greener, garbage-free Delhi! 🇮🇳

2025, under the theme "दिल्लीकोकूड़ेसेआज़ादी".

REPORT OF 16th AUGUST ACTIVITY

The “**SHRAMDAAN**” outside the workplace created a cleaner and healthier environment for the community and strengthened the hospital’s role in promoting public health. It extends the impact of cleanliness beyond hospital premises and encourages Team work and staff participation in community hygiene improvement. It inspires nearby communities to participate in SWACHHHTA DRIVE and reduce the risk of diseases by removing garbage, stagnant water, and waste from community areas.

Mosquito Breeding check prevents the spread of vector borne diseases and early detection of breeding spots which improves the overall hospital hygiene and safety. Drainage, stagnant water and vector check keeps surroundings hygienic free from water borne diseases risk and ensure compliance with public health and hospital infection control standards.

Activity on 16th August 2025

At the outset we sincerely thank the august presence of **Ms. Ruchi Jain, Deputy Secretary, DGHS, Govt. of NCT of Delhi** for graciously joining us in the *Shramdan* activity in **Rani Garden area in Geeta colony**.

A sincere thanks to **Ms. Neema Bhagat, Councilor, Geeta Colony** for joining *Shramdan* activity and motivating the entire team.

The “**Shramdan**” led by Respected Director Dr. Seema Kapoor and Head of Office, Dr. Manish Kumar and actively joined by other doctors, Nursing Officers, administrative staffs and all categories of staff from various departments of CNBC, lasted for **2 hours**. Under this activity, the entire team gathered at Rani Garden basti, swept the street, collected and removed the garbage and cleaned the surroundings. The team also raised awareness regarding the importance of cleanliness among local people, especially children.

In order to improve the health and well-being of children in Rani Garden, we also decided to conduct regular health check-ups of children as a preventive health measure and organize awareness and educational camps for children and their parents to promote sustainable holistic growth of children in that area.
