REPORT OF 22ND AUGUST ACTIVITY

“WEED OUT THE CLUTTER, KEEP RECORDS SAFER AND SMARTER.”

“A clean and organized medical record room is the heart of an efficient office. Dust-free shelves, pest-free files, and neatly weeded out records not only ensure safety and easy to find and preserve for the future. A clutter-free space is a stress-space. By keeping our files dust-free and regularly weeding out old records, we ensure safety, efficiency, and professionalism in our workplace.”

ACTIVITY ON 22ND AUGUST 2025

On the 22nd day of the Swachhta drive, we conducted an activity of cleaning and reorganizing the medical record room by applying “5 S” principles, i.e Sort, Set in order, Shine, Standardize and Sustain. We also weeded out the old records as per the hospital guidelines to maintain a clutter-free and pest-free environment.
